

Bear Viewing Alaska Adventures

977 Latham Ln
99603
USA

Telefon: (907) 299-7498

Your Alaska bear viewing tour will begin in Homer where we take you by boat across Cook Inlet to Chinitna Bay, part of the beautiful Lake Clark National Park and Preserve. Once there, you will safely watch Alaska brown bears from several viewing areas accompanied by one of our experienced guides. We entertain guests from all over the planet who are looking for an authentic Alaskan experience. When you see Alaska in advertisements, television shows, or travel brochures, a picture of a mighty brown bear is almost always included. This is the tour that will turn that picture into your reality.
