We entertain guests from all over the planet who are looking for an authentic Alaskan experience. When you see Alaska in advertisements, television shows, or travel brochures, a picture of a mighty brown bear is almost always included. This is the tour that will turn that picture into your reality. Traveling to and from your Homer Alaska bear viewing tour can be just as thrilling. You will be riding in comfort from the Homer Spit through Kachemak Bay en route to Chinitna Bay in Lake Clark National Park and Preserve. Along the way, there are countless opportunities to see wild marine animals and birds in their natural habitat.
