There are very few limits to the commercial or residential applications of aluminum. Our most popular products are our rustproof storage sheds, available in a range of sizes and sealed water-tight to protect all your lawn and sporting equipment. Your new outdoor storage shed made from aluminum shed is guaranteed to be one of the best investments you will ever make for your home in Phoenix Glendale, Chandler, Gilbert, Surprise, Mesa, Tempe, Scottsdale AZ. You even have the choice of handling the installation yourself, or allowing us to help you streamline the process. Other residential options include patio covers, window awnings, screen rooms, sunscreens, and soffit and fascia cover, enhancing your home's look and feel with long-lasting features. Our commercial options include aluminum tubing, aluminum extrusions, and aluminum coil of various shapes and sizes. All of our products can be pre-fabricated in a range of sizes and colors, but our expert craftspeople can create custom forms for any household or business needs.
